1. Having read the referenced cables, you will be aware of the request made by [REDACTED] Hqs [REDACTED] for a limited number of sample photographs to be used in showing to the [REDACTED] Ref C has suggested that the selection be confined to a half dozen of the best available products from this mission and occasional items of rare interest from subsequent missions such as 8604 and 8605 which are presumably soon to be en route to the states.

2. In paragraph three of Ref B, I furnished [REDACTED] Hqs with a rough estimate of a readiness date of 24 - 26 January for mission 8603 photography which date was based on the conversation between yourself and [REDACTED] on my staff. May I suggest that in order to meet the requirement of Ref C, you notify [REDACTED] on extension 3030 at such time as 8603 photography is in print form in your Hqs. I would further suggest that at this time [REDACTED] and appropriate members of the HTAUTOMAT Staff get together to make the limited selection Ref C made in paragraph one, above. The finished product could then be sent by courier to [REDACTED] perhaps with the same individual who escorts the material for the [REDACTED] Committee meeting in [REDACTED] around 3 February.
